

# Leigh Floor Lamp

ET1481 | 1.1

GENERATION LIGHTING  
PORTABLE

## GENERAL PRODUCT INFORMATION:

This product is safety listed for dry locations.

This instruction shows a typical installation.

### IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

# Install the Fixture

- 1 Screw the short nipple to the base, then screw the pipe onto the short nipple and slide the glass column over the pipe.
- 2 Screw long nipple to the top of the pipe, place the cover and coupler onto the long nipple, and screw the socket assembly onto the long nipple.
- 3 Insert the harp into the yoke on the socket assembly.
- 4 Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage Information.
- 5 Place the shade onto the harp nipple and secure it in place by screwing the finial onto the nipple.
