Install the Fixture

1A

CAUTION: To reduce the risk of a burn or electric shock during re-lamping, disconnect the power to the fixture.

- 1 Feed the cord through the shade and lower the shade until it rests properly on the socket.
- 2 Feed the cord through the bushing and gently rest it onto the shade.
- 3 Install the lamp by inserting into the socket. Refer to the label on the socket for Max Wattage information.
- 4 Install the diffuser by placing it over the socket and screwing it onto the fixture. **Make sure that the diffuser is properly installed before releasing. Do not over tighten.**
- 5 Follow the instructions included with the canopy to complete installation.
